SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER MANAGEMENT IN THE MEKONG BASIN
Implemented by Mekong River Commission

1. Background information

1.1 Short description of the action subject to verification

Contract number	ACA/2018/402-232
Contract title	Support to Enhanced Cooperation in Sustainable Transboundary Water Management in the Mekong Basin
Contract type	Grant contract
Financial Report subject to verification	1 January 2021-31 December 2021
Reporting Entity and Other Spending Entities	The Mekong River Commission was established in 1995 with the signing of the Agreement on the Cooperation for the Sustainable Development of the Mekong River Basin. The MRC Member Countries are Cambodia, the Lao PDR, Thailand and Viet Nam, with China and Myanmar as Dialogue Partners. The Commission is governed by a Council which comprises of the environment and water ministers of the four Member Countries. The Council Members would review and mutually conclude on the management and development of water and related resources. These decisions and policies are then put into action by the MRC Joint Committee, which comprises senior officials at no less than Head of Department level of the four countries, and supported by national line agencies including the Ministry of Foreign Affairs.
Location where the Contract is implemented	Lower Mekong river basin (Cambodia, Lao PDR, Thailand and Viet Nam)
Contract execution period	48 months: 2019-2022
Contract implementation status	On-going
General and specific objectives of the Contract	The overall objective of the support is the integrated and sustainable development in the sub-region. The specific objective is to support the implementation of the Mekong River Commission Strategic Plan 2016-2020, which aims to promote and coordinate sustainable development and management of the Mekong's water and related resources.

SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER
MANAGEMENT IN THE MEKONG BASIN
Implemented by Mekong River Commission

1. Background information (continued)

1.1 Short description of the action subject to verification (continued)

<p>Synthetic description of the activities, outputs and target group</p>	<p>Outcome 1: Increased common understanding and application of evidence-based knowledge by policy makers and project planners. There are seven outputs in total that address current knowledge gaps on environmental topics, fisheries, socio-economic conditions in the basin.</p> <p>Outcome 2: Environment management and sustainable water resources development optimised for basin-wide benefits by national sector planning agencies. There are nine outputs in total to optimise basin-wide sustainable development assets.</p> <p>Outcome 3: Guidance for the development and management of water and related projects and resources shared and applied by national planning and implementing agencies. There are twelve outputs in total, which provide best practice guidelines and guidance on how existing and impending national projects and programmes should be carried out to minimise potential transboundary impacts and risks.</p> <p>Outcome 4: Effective and coherent implementation of MRC Procedures by Member Countries. There are two outputs in total to ensure that five MRC Procedures on water quality, flows maintenance, data sharing, water use monitoring, and project consultation are “fit for purpose”.</p> <p>Outcome 5: Effective dialogue and cooperation between Member Countries and strategic engagement of regional partners and stakeholders on transboundary water management. There are three outputs in total to increase cooperation with partners and stakeholders.</p> <p>Outcome 6: Basin-wide monitoring, forecasting, impact assessment and dissemination of results strengthened for better decision-making by Member Countries. There are five outputs in total to enhance basin-wide monitoring, forecasting, assessment and information/data management and sharing.</p>

**SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER
MANAGEMENT IN THE MEKONG BASIN**
Implemented by Mekong River Commission

1. Background information (continued)

1.1 Short description of the action subject to verification (continued)

	<p>Outcome 7: MRC transitioned to a more efficient and effective organisation in line with the Decentralisation Roadmap and related reform plans. There are five outputs in total to ensure the transition of MRC into a more efficient and effective organisation in line with Decentralisation Roadmap and related reform plans.</p> <p>The European Union will be providing support to the MRC strategic plan, focusing on supporting activities under outcomes 5 - 7, which are contributing to and supporting the implementation of activities under outcome 1-4.</p> <p>The MRC Strategic Plan guides the actions the MRC Secretariat (MRCS) in supporting MRC Member Countries to promote and coordinate the sustainable development of the Mekong River Basin. It also addresses the collaborative arrangements between the MRC, the line/implementing agencies in its Member Countries, Dialogue Partner (China and Myanmar), Development Partners (such as the European Union) and the wider stakeholder groups (NGOs, private sector, etc.)</p>

Implemented by Mekong River Commission

1. Background information (continued)

1.2 Basic financial information of the Contract (at the time of verification)

1.2.1 Expenditure

Budget heading	Budget expenditure (EUR)	Reported expenditure (EUR)
1. Human resource	120,428	104,915
2. Travel	16,614	-
3. Equipment and supplies	12,474	1,813
4. Other costs and services	679,548	502,452
5. Others	226,310	208,153
6. Indirect cost	73,876	56,373
Total	1,129,250	873,706

1.2.2 Contributions

Source of contribution	Budgeted contribution (EUR)	Actual contribution (EUR)
European Union	1,129,250	117,128
Total	1,129,250	117,128

1.2.3 Revenues

Revenues types	Budgeted revenues (EUR)	Actual revenues (EUR)
Interest	-	17,212
Total	-	17,212

**SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER
MANAGEMENT IN THE MEKONG BASIN**
Implemented by Mekong River Commission

2. Risk analysis

2.1 Outcome of risk analysis

Based on the risk analysis performed according to the Terms of Reference, we have identified the following risks:

- *Management override of controls*

There is a tendency that lower level staff may disregard their limits of authority and bypass the decisions of senior management in pursuing their own financial interest. There can also be a risk of management fraud on posting journal entries without appropriate authorisation, in order to manipulate the results in the financial reports.

- *Improper revenue recognition*

There is a presumption of fraud risk related to revenue recognition. Revenue is a significant class of transaction and under the revised ISA 240, revenue recognition is presumed to be a specific financial statements fraud risks. Material misstatements due to fraudulent financial reporting often result from an overstatement of revenues but can also be perpetrated to give an understatement of revenue.

- *Expenditures manipulation*

There is a risk that the expenditures declared in the financial reports have not, in all material aspects, been incurred in conformity with the applicable contractual conditions or within the purpose of the donor funded project.

In addition, we have identified possible mitigating factors as follows:

- There are various stages of the procurement to payment process that must be undertaken by separate individuals or groups to promote segregation of duties. There is a separation of duties between:
 - (a) procurement officers and authorisers, who approve the processing of procurement requests;
 - (b) finance staff, who verify and process disbursements as well as recording the relevant journals; and
 - (c) signatories, who approve the disbursements.
- Fund receipts are recognised and recorded into the accounting system when funds are received in the relevant bank account. A receipt voucher for the funds received is checked by the Finance Analyst and Chief Financial Officer as well as approved by the Director of Admin division before being recorded into the accounting system.
- Each expenditure must be linked to specific expenses where it is possible to track how funds received have been spent. A disbursement voucher is issued for each disbursement which is checked by the Finance Analyst and Chief Financial Officer as well as approved by the Director of Administration division and Chief Executive Officer before being recorded into the accounting system.

**SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER
MANAGEMENT IN THE MEKONG BASIN**
Implemented by Mekong River Commission

2. Risk analysis (continued)

2.1 Outcome of risk analysis (continued)

- Monthly financial reports, including trial balance, bank reconciliations, budget vs actual report, budget depletion report, income and expenditures statements, are reviewed by Chief Financial Officer and Director of Admin division and finally approved by the Chief Executive Officer.

Based on our workdone, we are satisfied that the above mitigating factors are sufficient to address the risks identified.

2.2 Implications on sampling

Based on the identified risk factors, when determining the sample size for substantive procedures, we take into account the assurance we require from the procedures, the performance materiality relating to the transactions being examined, the assurance already obtained from other procedures relating to the financial statements area and assertion being tested and the risk that the sample is not reflective of the population. We used statistical techniques for determining sample sizes. The transactions with amount above EUR2,000 were prioritised. The total coverage ratio is 85%, which is equal to EUR750,970 and 138 transactions.

3. Transaction population and sample

3.1 Sampling highlight/overview

The sample size was determined based on a materiality threshold of 2% of the total amount of reported expenditure with a confidence level of 95% and considering the risk analysis presented above.

	Population	Verified samples
Number of transactions	731	138
Value of transactions EUR	873,706	750,970

A complete list of the transactions included in the population is to be included in Annex 3.

There were no cases where the report/invoice amounts were different from that of the relevant accounting records.

4. Substantive testing

4.1 Short description of testing process

Our engagement was undertaken in accordance with:

- (i) International Standard on Related Services (“ISRS”) 4400 *Engagements to Perform Agreed-upon Procedures regarding Financial Information* as promulgated by the International Federation of Accountants (“IFAC”); and

**SUPPORT TO ENHANCED COOPERATION IN SUSTAINABLE TRANSBOUNDARY WATER
MANAGEMENT IN THE MEKONG BASIN**
Implemented by Mekong River Commission

4. Substantive testing (continued)

4.1 Short description of testing process (continued)

- (ii) The Code of Ethics for Professional Accountants issued by the IFAC. Although ISRS 4400 provides that independence is not a requirement for agreed-upon procedures engagements, the Commission requires that we have also complied with the independence requirements of the Code of Ethics for Professional Accountants.

In relation to the above, we have performed the procedures listed in Annex 2 of the Terms of Reference for this engagement (see Annex 2 of this Report).

We have gathered evidence and prepared working papers to properly document the evidence seen to support our findings. We have also reviewed and evaluated the system of internal controls in order to gain an understanding of processes and controls within the Project. Such a review involves performing walkthrough and testing procedures to confirm our understanding. Detailed work and testing will be performed under the guidance by the auditor in charge and supervised closely by the manager. The verification took place at Mekong River Commission where qualified representatives were present throughout verification process.

5. Summary of findings

5.1 Summary of errors detected

None.

5.2 Classification of errors by compliance issue

None.

MANAGEMENT IN THE MEKONG BASIN**
Implemented by Mekong River Commission

ANNEX 2 - PROCEDURES PERFORMED

Annex 2 Listing of Specific Procedures to be performed

1. EXPENDITURE VERIFICATION PROCEDURES

The following checks must be performed by the Expenditure Verifier unless they are irrelevant in relation to the eligibility criteria applicable to the contract type. Therefore, the Expenditure Verifier is required to gain appropriate understanding of such requirements in order to carry out only the relevant checks and properly apply the relevant eligibility requirements.

1.1. The expenditure was incurred by and pertains to the Entity

The Auditor verifies the supporting documents (invoices, quotations, pay slips, contracts, etc.) of selected samples for the expenditure incurred extracted from the detailed financial report.

1.2. The expenditure is recorded in the accounting system of the Reporting Entity or of the Other Spending Entities

- The Auditor examines — when performing the procedures listed in this Annex — whether the Beneficiary(ies) have complied with the following rules for accounting and record keeping of Article 16 of the General Conditions the Grant Contract:
- The accounts kept by the Beneficiary(ies) for the implementation of the Action must be accurate and up-to-date;
- The Beneficiary(ies) must have a double-entry book-keeping system;
- The accounts and expenditure relating to the Action must be easily identifiable and verifiable.

1.3. Expenditure incurred during the contractual eligibility period

The Auditor verifies that the expenditure for a selected item was incurred during the implementation period of the Action. An exception is made for costs relating to final reports including expenditure verification, audit and final evaluation reports of the Action and which may be incurred after the implementation period of the Action.

1.4. Expenditure indicated in the contractual estimated budget

The Auditor carries out an analytical review of the expenditure headings in the Financial Report. The Auditor verifies that the budget in the Financial Report corresponds with the budget of the Grant Contract (authenticity and authorisation of the initial budget) and that the expenditure incurred was indicated in the budget of the Grant Contract.

1.5. Expenditure necessary for the implementation of the contractual activities, reasonable and justified

The Auditor verifies, for each expenditure item selected, the eligibility criteria set out below.

(1) Necessary (Article 14.1c)

The Auditor verifies whether it is plausible that the expenditure for a selected item was necessary for the implementation of the Action and that it had to be incurred for the contracted activities of the Action by examining the nature of the expenditure with supporting documents.

(2) Justified (Article 14.1f)

The Auditor verifies that expenditure for a selected item is substantiated by evidence, and supporting documents as specified in Article 16.8 and 16.9 of the General Conditions of the Grant Contract.

1.6. Expenditure identifiable and verifiable

The Auditor verifies that the actual expenditure for a selected item was incurred by and pertains to the Beneficiary(ies) or its (their) affiliated entity(ies). The Auditor should take into account the detailed conditions for actual costs incurred as set out in Article 14.1.(i) to (iii). For this purpose the Auditor examines supporting documents (e.g. invoices, contracts) and proof of payment. The Auditor also examines proof of work done, goods received or services rendered and he/she verifies the existence of assets if applicable.

1.7. Compliance with Procurement Principles and Nationality and Origin Rules

Where applicable the Auditor examines which procurement, nationality and origin rules apply for a certain expenditure (sub)heading, a class of expenditure items or an expenditure item. The Auditor verifies whether the expenditure was incurred in accordance with such rules by examining the underlying documents of the procurement and purchase process. Where the Auditor finds issues of non-compliance with procurement rules, he/she reports the nature of such issues as well as their financial impact in terms of ineligible expenditure. When examining procurement documentation the Auditor takes into account the risk indicators and he/she reports, if applicable, which of these indicators were found.

1.8. Expenditure complies with requirements of applicable and social legislation

The Auditor verifies that expenditure complies with the requirements of tax and social security legislation where this is applicable (for example: employer's part of taxes, pension premiums and social security charges).

1.9. Financial support to third parties (sub-granting)

The Auditor verifies that the financial support to third parties as stated in Article 10.1 to 10.9 is provided for by the contractual conditions and its amount does not exceed the contractual limits.

1.10. Other eligibility requirements

1.10.1. Value added tax (Article 14.2)

The Auditor verifies that duties, taxes and charges, including VAT which are recorded under direct costs are not recoverable by the beneficiary(ies) and/ or its(their) affiliated entities (see Article 14.2.i) of the General Conditions). The Auditor obtains evidence that the Beneficiary(ies) and or its affiliated entities cannot reclaim the duties, taxes or charges, including VAT through an exemption system and/or a refund a posteriori.

1.10.2. Exchange rate

The Auditor verifies that amounts of expenditure incurred in a currency other than the Euro have been converted at the exchange rate applicable according to Article 15.9 of the General Conditions. The relevant parts of this article are as follows:

Reports shall be submitted in the currency set out in the Special Conditions, and may be drawn from financial statements denominated in other currencies, on the basis of the Beneficiary(ies)'s applicable legislation and applicable accounting standards. In such case and for the purpose of reporting, conversion into the currency set in the Special Conditions shall be made using the rate of exchange at which the Contracting Authority 's contribution was recorded in the Beneficiary(ies)'s accounts, unless otherwise provided for in the Special Conditions.

Costs incurred in other currencies than the one used in the Beneficiary(ies)'s accounts shall be converted using the monthly Inforeuro on the date of payment or according to its usual accounting practices if so provided for in the Special Conditions.

1.11. Other eligibility requirements (continued)

1.10.3. Contingency reserve (Article 14.7)

The Auditor verifies that the provision for contingency reserve (heading 10 in Financial Report) does not exceed 5% of the direct eligible costs of the Action and that the Coordinator has obtained prior written authorisation from the Contracting Authority for the use of this contingency reserve.

1.10.4. Indirect cost (Article 14.8)

The Auditor verifies that the indirect costs to cover overhead costs (heading 8 in Financial Report) do not exceed the maximum percentage of 7% of the total final amount of eligible direct costs of the Action or the percentage established in article 3 of the Special Conditions of the Grant Contract if applicable.

1.10.5. In kind contributions (Article 14.9)

The Auditor verifies that the costs in the Financial Report do not include contributions in kind. Any contributions in kind (these should be listed separately in Annex III, Budget for the Action), do not represent actual expenditure and are not eligible costs.

Contributions in kind can be accepted as co-financing and in this case this should be explicitly stipulated in Article 7.1 of the Grant Contract. The Auditor verifies whether such co-financing is applicable and whether it is properly stated under heading 12 of the Financial Report.

1.10.6. Non-eligible cost (Article 14.9)

The Auditor verifies that the expenditure for a selected item does not concern an ineligible cost as described in Article 14.11 of the General Conditions.

1.10.7. Simplified cost option (Article 14.4 – 14.6)

Where simplified cost options apply the Auditor verifies:

- which options (i.e. unit costs, lump sums or flat-rate financing) apply and to which (sub)cost-headings and/or cost items (Annex III (Budget for the Action) of the Grant Contract);
- which amount(s) or percentage rate(s) have been contractually agreed (Annex III (Budget of the Action) of the Grant Contract);
- which quantitative and/or qualitative information was used to determine and justify the declared costs (e.g. number of staff, number of items purchased; type of costs and activities financed by a lump sum)¹;
- whether the maximum amounts of simplified cost options for each beneficiary (this includes if applicable simplified cost options of its affiliated entity(ies)) are not exceeded, in accordance with the conditions established in the Contract;

¹ In Annex III (Budget for the Action), the second column of worksheet no.2 ("Justification of the estimated costs") for each of the corresponding budget item or heading should:

- describe the information and methods used to establish the amounts or percentages of simplified cost options, to which costs they refer, etc.;
- explain the formulas for calculation of the final eligible amount;
- identify the beneficiary who use the simplified cost option (in case of affiliated entity, specify first the beneficiary), in order to verify the maximum amount for each beneficiary (which includes if applicable simplified cost options of its affiliated entity(ies)).

1.10. Other eligibility requirements (continued)

1.10.7. Simplified cost option (Article 14.4 – 14.6) (continued)

- the plausibility (i.e. necessity, reasonableness, reality) of the quantitative and qualitative information related to the declared costs;
 - that the costs covered by lump sums, unit costs or flat-rate financing are not included (no double funding) in other direct costs (cost headings 1 – 6), either actual or under simplified cost options;
 - that the total costs stated in the Financial Report have been correctly determined;
- Note:* the Auditor is not required to verify the actual costs on which lump sums, unit costs or flat-rate financing are based.

1.10.8. Revenue generated by the Reporting Entity

The Auditor examines whether the revenues generated by the Reporting Entity in the execution of the contract are disclosed in the financial report and deducted from the declared expenditure, unless otherwise provided for in the contractual conditions. For this purpose the Auditor inquires with the Beneficiary and examines documentation obtained from the Beneficiary(ies). The Auditor is not expected to examine the completeness of the revenues reported.
